

Tally Marks

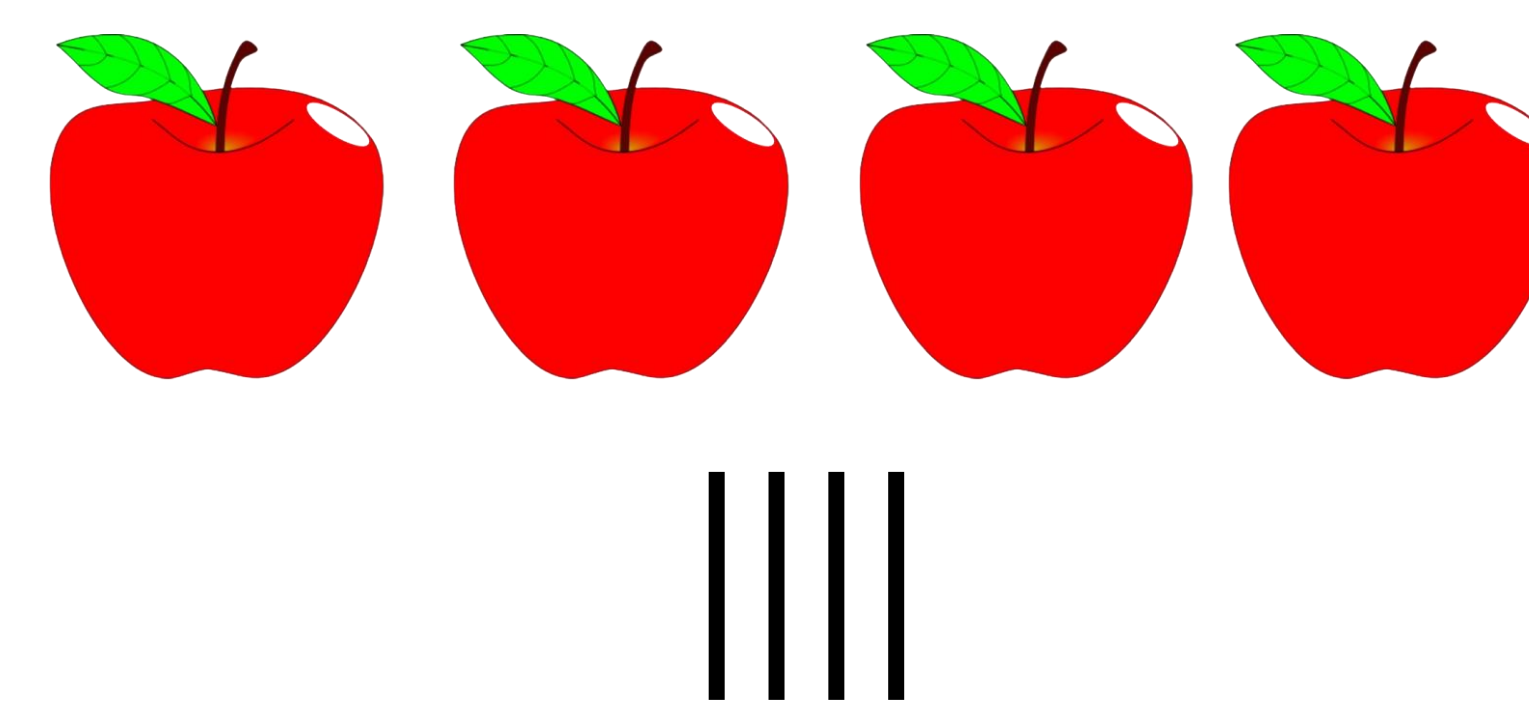

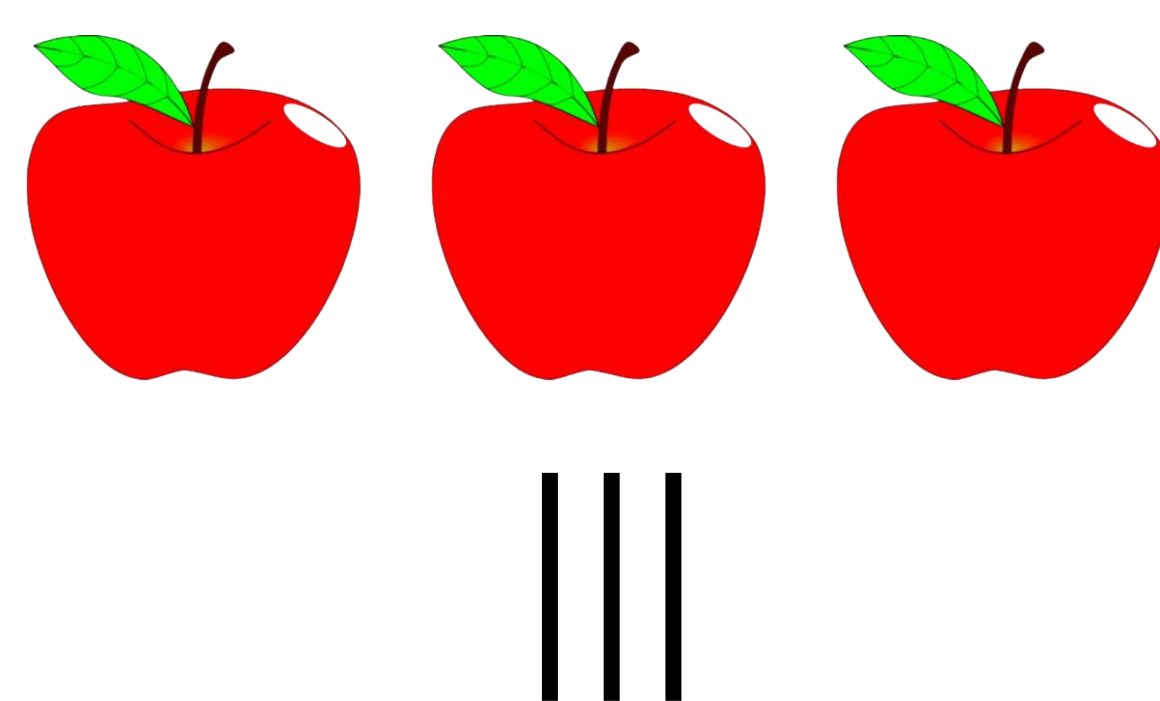

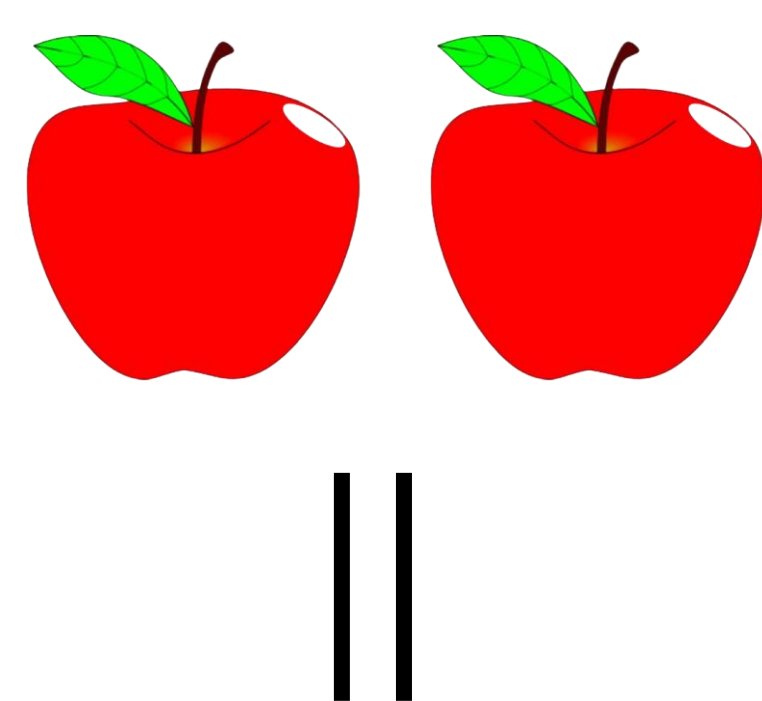

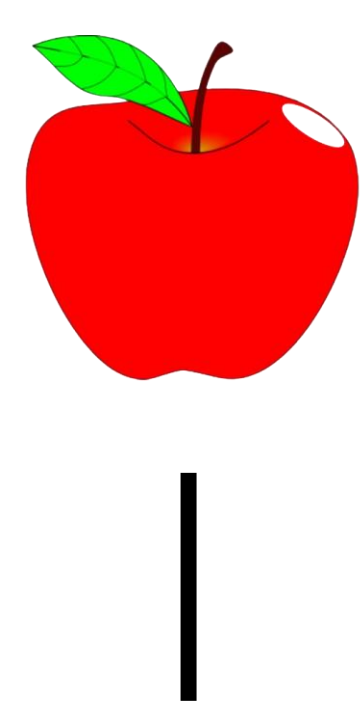

Tally

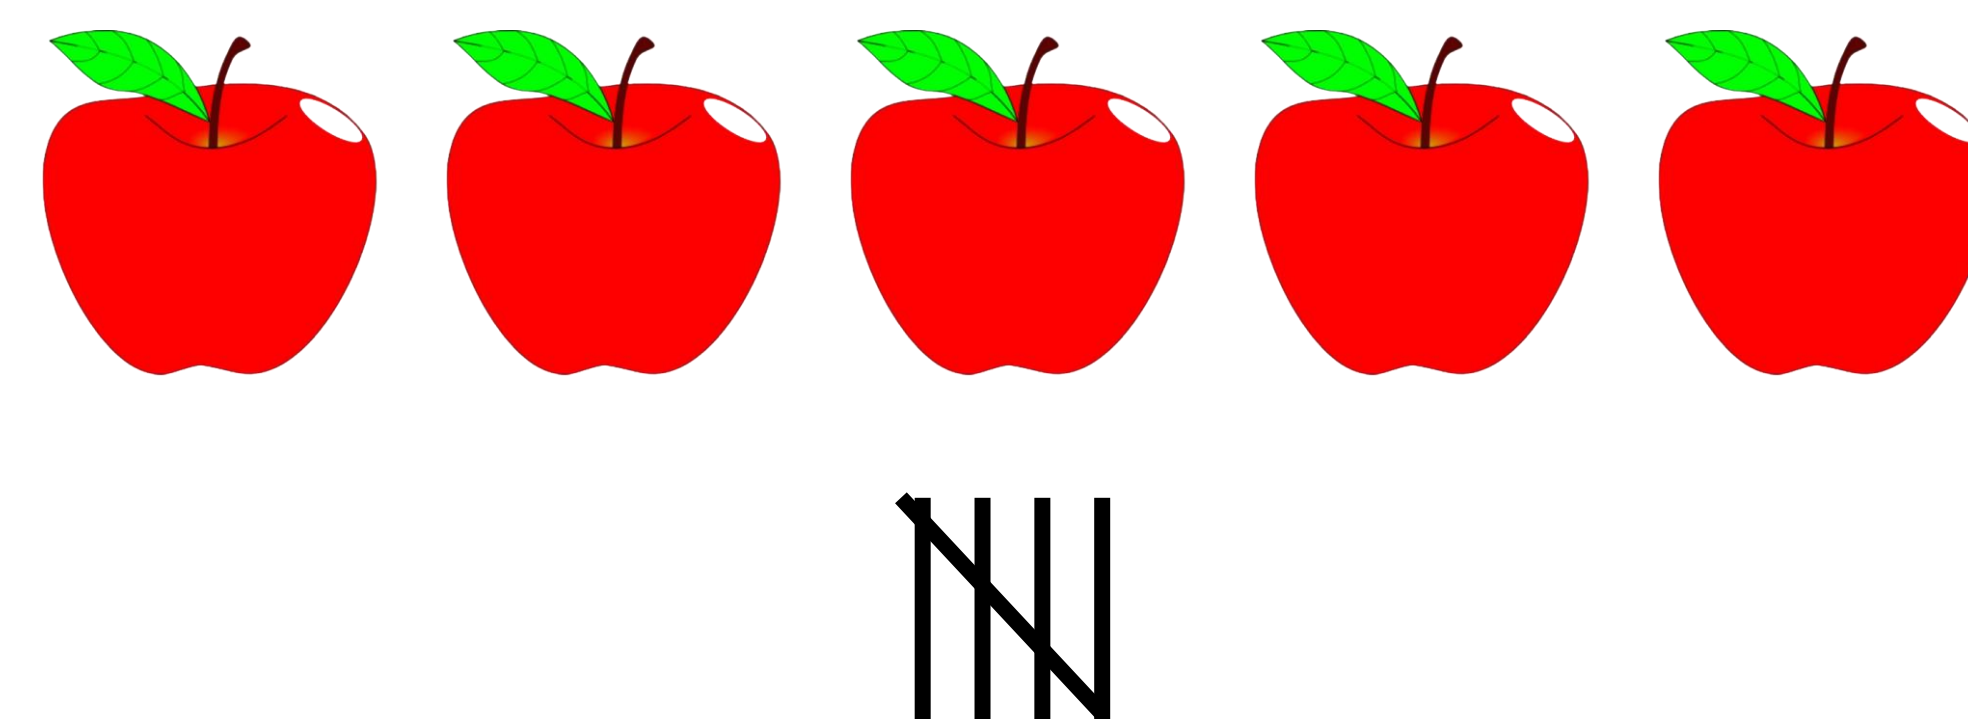

- Tally marks are like **little vertical lines** that help you keep track of how **many things you've counted**.
- They help us to **count**.
- The line is |

For example:

- Each time you see **an apple**, draw **a vertical line**.

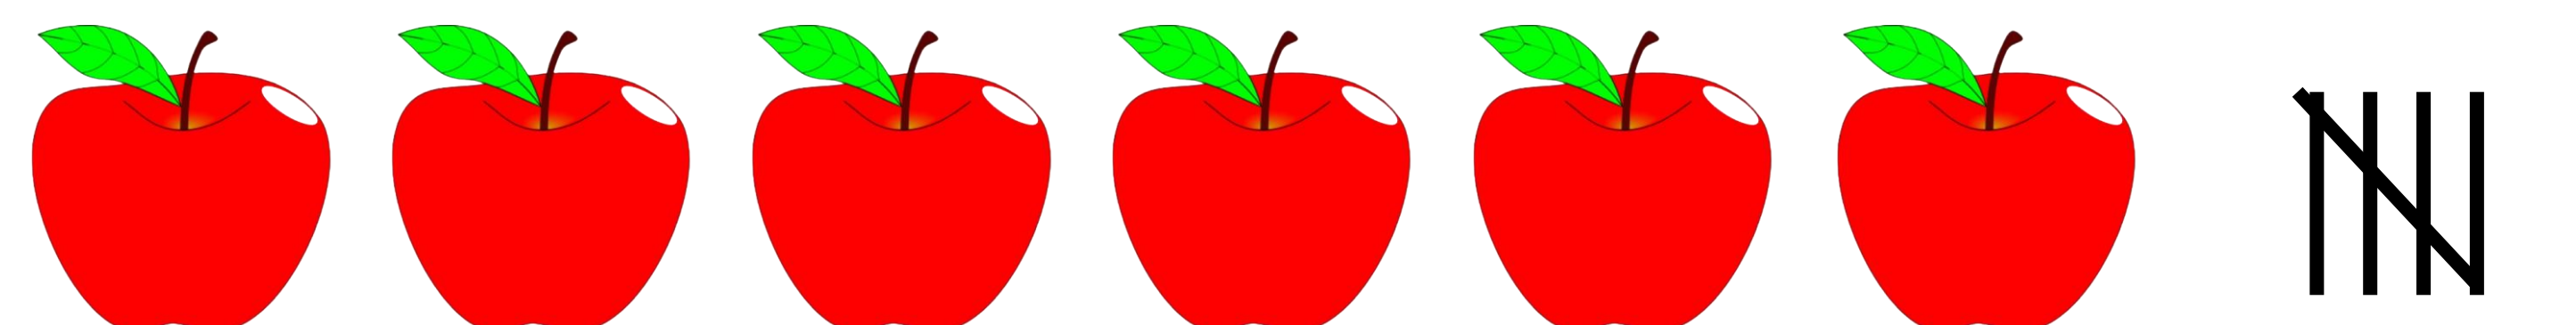

When you get to 5 apples, draw a horizontal line across the 4 vertical lines.

This group of 5 is like a shortcut for writing the number 5.

For 6, Put a line near  this group.
