

3-D Shapes

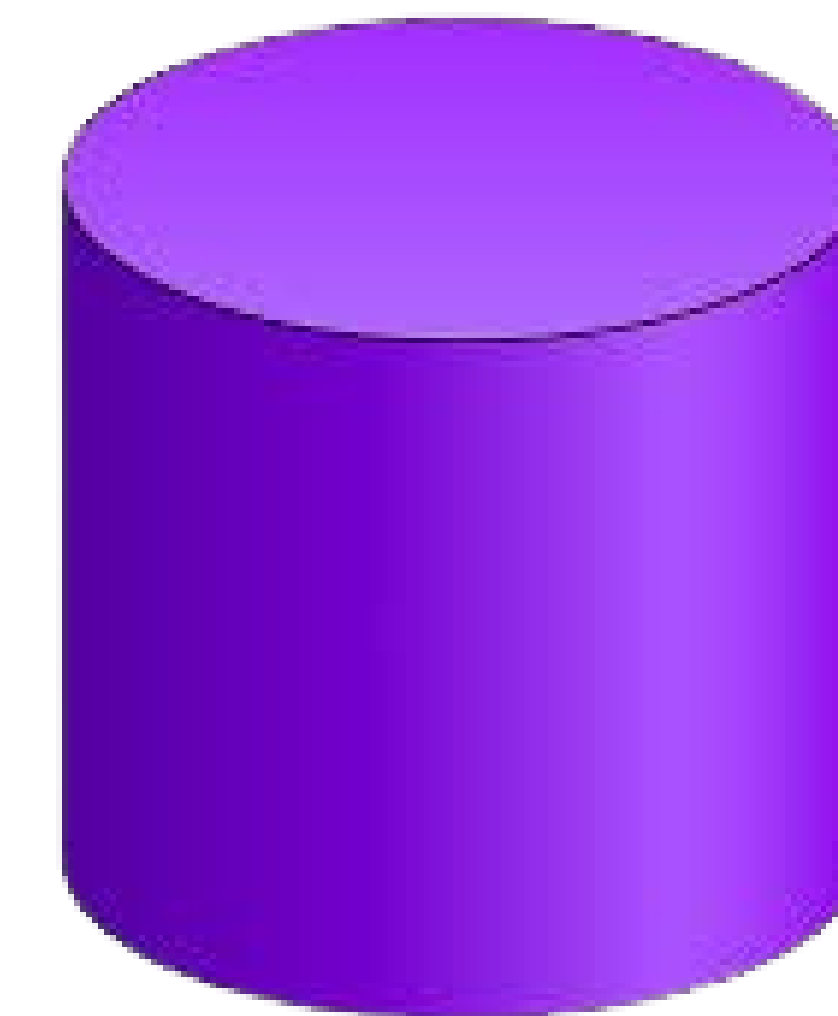

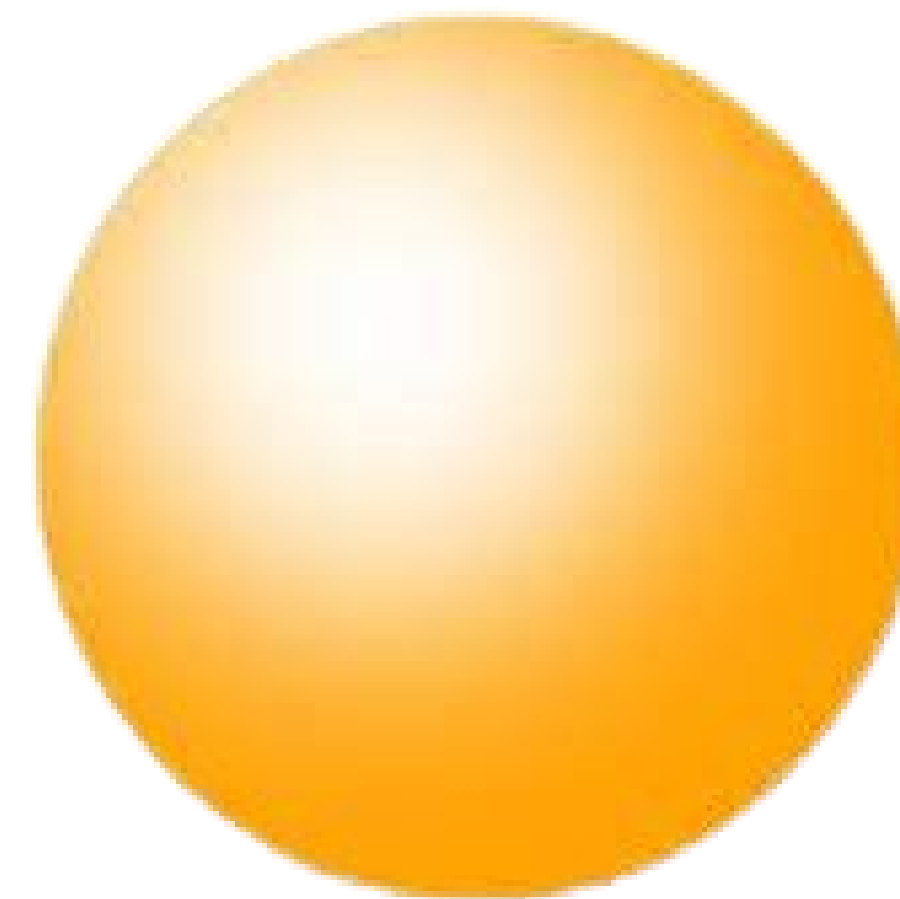

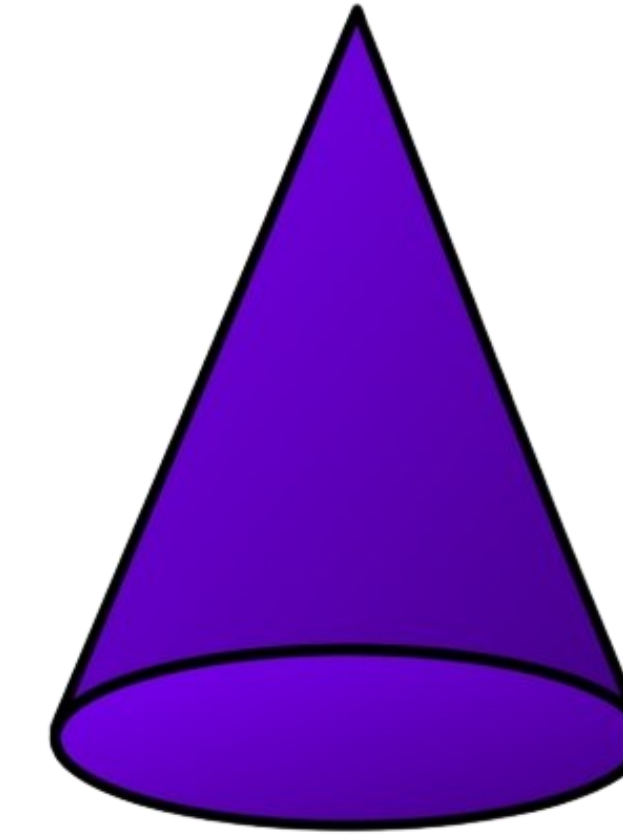

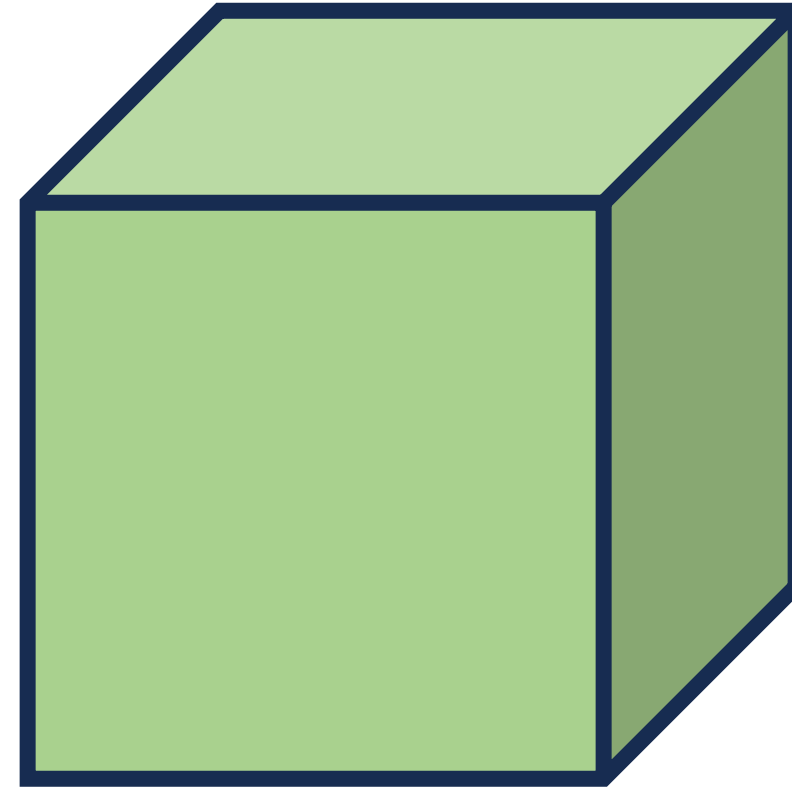

What is 3 dimensional shapes?

What are the 3 dimensions?

What are the 3 dimensional shapes do you know?

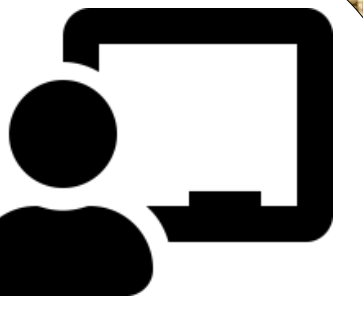

Name the shapes

Properties

What are the properties in 3 dimensional shapes?

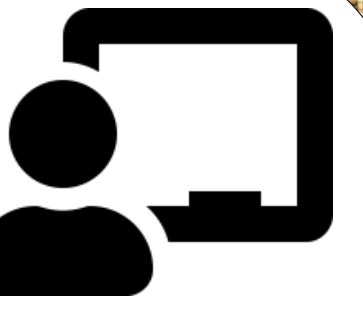

Cube

What is cube?

How many face, edge and corners in cube?

What are real life examples for cube?

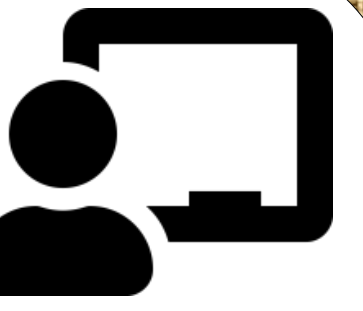

Cuboid

What is cuboid?

How many face, edge and corners in cuboid?

What are real life examples for cuboid?

Cone

What is cone?

How many face, edge and corners in cone?

What are real life examples for cone?

Sphere

What is sphere?

How many face, edge and corners in sphere?

What are real life examples for sphere?
