

See the images, add the given measurements and convert the answers into correct units

John has measured the length of some items he found in his classroom.

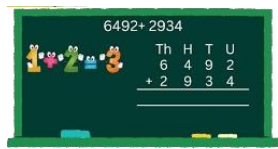

Use the measurements and workout the answer

convert the answer into correct unit

1  +  = 90 cm → 900 mm

2  +  = _____ mm → _____ cm

3  +  = _____ m → _____ cm

4  +  = _____ mm → _____ cm
