

## Write the missing number

$$600 + 70 + \boxed{\phantom{000}} = 672$$

$$300 + \boxed{\phantom{000}} + 8 = 318$$

$$\boxed{\phantom{000}} + 40 + 1 = 941$$

$$200 + 90 + 5 = \boxed{\phantom{000}}$$

$$\boxed{\phantom{000}} + \boxed{\phantom{000}} + 6 = 666$$

$$700 + 30 + \boxed{\phantom{000}} = 739$$

$$400 + \boxed{\phantom{000}} + \boxed{\phantom{000}} = 420$$

$$\boxed{\phantom{000}} + \boxed{\phantom{000}} + 7 = 837$$
